- Challenge Your Competitors
- Circuit Guide & Driving Tips

## Challenge yourself, set a goal (single lap time), and ask for Pledges!

It shows you care about others less fortunate, the world we live in, that you are doing something about and raising awareness for an important cause. Wondering how to reconnect and strengthen connections with your business and commercial networks? Pledging can be an ideal way to stay in touch on Facebook, LinkedIn, Twitter, Line, etc. Make a post and let your network know about your goal, encourage family, friends, colleagues to get involved and ask for pledges that can make a difference in the life of a refugee

Lots of activities! The Refugee Collection, Batak Reaction Game, Video Game, Delicious Buffet Dinner, Open Bar
